2° - 18 points	7° - 6 points
3° - 15 points	8° - 4 points
4° - 12 points	9° - 2 points
5° - 10 points	10° - 1 point

05

**ENTRY FEE
TYRES
ENGINE**

TYRES

a] One set of used and one set of new dry-weather and wet-weather tyres for the two free practice sessions. In this context a tyre will be considered used if it was allocated to the same car at a previous Event, whether or not it was used on the track. At the first Event of the Championship or at the first Event for an additional car, each car will be allocated two sets of new dry-weather tyres to use in the two free practice sessions.

b] Two sets of new dry-weather and wet-weather tyres for the qualifying practice sessions and the races.

Entry fee

*The entry fee per car
per season is 15.000,00 + vat*

*Plus 1.680,00 + vat for each event
Free Practice included*

ENGINES

Each driver may use no more than two engines for the entire Championship including the collective tests. For each event, each driver can use only one engine declared during the scrutineering. Should a driver use any further replacement engine(s) a ten grid places penalty will be imposed upon him for the next two races he takes part in.

Tire supplier

PIRELLI

06

for the winning driver

Important and successful key items

WSK Promotion

15 years of experience in the motorsport world and a 5-year commitment in the very successful promotion of the F4 Championship powered by Abarth. These are the main credentials of the promoter that will deal with the launch and management of the new Formula Regional - Certified by FIA, on tracks all over Europe.

Tatuus

A reliable manufacturer, involved for many years in the design of high-performance cars while following the strictest safety standards imposed by FIA, Tatuus also relies on its other great points of strength in producing the best value for your money for cars on the market. During the Formula Regional Championship - Certified by FIA, Tatuus will provide on-track assistance.

Alfa Romeo & Autotecnica

Always synonymous with races and competitions, Alfa Romeo is directly involved in the project Formula Regional - Certified by FIA, by supplying the engines which the cars are equipped with. The engines will be prepared by Autotecnica, which will make them available for the teams and drivers, while also providing its competence and knowledge for on-track assistance.
